IQ. SPORTS SUPPLY

PRO & CONTINENTAL TEAMS

Season-ready supply, built around the team.

Bikes, team clothing and Shimano groupsets for UCI Continental and pro teams – specced rider by rider, delivered to the service course or the race.

WHAT WE SUPPLY

One supplier for the whole roster.

IQ Sports Supply was built around pro teams. We handle the equipment side of the season so your staff can focus on racing – from the first training camp to the last race of the year.

01

Shimano groupsets

Dura-Ace and Ultegra Di2 road and TT builds, complete and rider-specific.

- Road and TT disc builds incl. extension shifters, junction boxes and wires
- Crank length, chainrings, cassettes and rotors per rider
- Season spares: chains, cassettes, bottom brackets, pads

02

Team clothing

Custom-designed race kit in top-quality fabrics, in your sponsors' colours.

- Race jerseys and bib shorts
- Gilets, aero socks and bidons
- Designed to your sponsor layout

03

Bikes

Complete race bikes sourced and built to the team's specification.

- Road and TT bikes
- Built with your chosen groupset spec
- Ordered against your season plan

04

Components & tools

Workshop consumables and tools for mechanics on the road.

- Components and spares
- Workshop tools
- Restocks during the season

1 line

A full rider build is one line on the order. Tell us crank length, chainring, cassette, rotors and wire lengths per rider – we order and supply it as a single build.

WHY IQ

Built for how teams actually work.

Team supply is messy: different riders, different addresses, sponsors who want paperwork. The IQ portal is set up for exactly that.

01

Build to spec

Rider-specific builds ordered as one line item – no spreadsheets of loose parts.

02

Multiple addresses

Service course, race hotels and riders' homes on one account.

03

Made to order

Stock bought against your order, not limited to what's on the shelf.

04

Paperwork done

Invoices, proformas and credit notes as PDFs on account terms.

05

Account pricing

Pricing agreed per team and shown ex VAT in your portal.

06

Full visibility

Order tracking, back orders and searchable order history.

EXAMPLE – ONE RIDER BUILD, ONE LINE	
GROUPSET	Shimano Dura-Ace Di2, disc
CRANKSET	172.5 mm · 52/36
CASSETTE	11–34

DELIVER TO	Team service course

HOW IT WORKS

From application to delivery.

1

Apply

Request a trade account online. Every account is reviewed and approved by hand.

2

Get your pricing

Once approved you see your own account pricing, ex VAT, in the portal.

3

Order to spec

Order from stock or made to order – including full builds as a single line.

4

Track & deliver

Follow every order, invoice and back-order item in the portal through to delivery.

Bikes	Clothing	Shimano	Components
Complete bikes built to spec	Custom design, top-quality fabrics	Groupsets, builds & spares	Parts, consumables & tools
